

WATER WORKSHOP

WATER IN ARCHITECTURE, LANDSCAPE + URBANISM

Water is becoming one of the most operative, evocative, and challenging aspects of urban environmental design. This one-day workshop draws together SA+P faculty and colleagues working on various aspects of water at MIT and Harvard to:

- 1) Exchange ideas on current projects
- 2) Identify future potential collaborative projects
- 3) Envision a creative water-conserving design agenda at MIT

SATURDAY, APRIL 18, 2009 IN BUILDING 9-250

- 10:00** Opening Remarks and MIT Water Initiatives
(SA+P, ERC, EPP-MUSIC, Middle East, Sloan, et al.)
- 10:30** Water In Architecture and Site Design
(Africa, Europe, Middle East, North America, South Asia)
- 11:30** Lunch & Discussion of Coastal Urban Design
(Bombay, Boston, North Sea, Palermo, Qatar)
- 1:00** Urban Watershed, Wetland and River Channel Design
